CAREER OBJECTIVE

Aspiring software engineer with a solid foundation in data structures, backend systems, and AI-driven applications, driven to build scalable and reliable solutions. Strong team player with problem-solving ability, adaptability, and clear communication skills. Looking to contribute to innovative projects and grow within a fast-paced, collaborative environment.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, SQL
Core Fundamentals: Data Structures Algorithms, OOPS, DBMS, Operating Systems, Computer Networks
Frontend: HTML, CSS, JavaScript, React.js
Backend: FastAPI, Flask, Node.js, REST APIs
AI & ML: LLMs, LangChain, LangGraph, TensorFlow, NLP
Databases: MySQL, MongoDB, Qdrant
Tools: Docker, Redis, Git, GitHub
Cloud DevOps: AWS (EC2, S3)

PROJECTS

Customer Engagement Sentiment Tracking System | *Flask, TensorFlow, React, Whisper ASR*

- Built an AI-powered sentiment analysis platform using bidirectional LSTM networks.
- Integrated Whisper ASR for speech-to-text processing of customer interactions.
- Developed Flask APIs and React dashboards for real-time analytics visualization.
- Implemented NLP pipelines to track engagement trends and insights.

LexMind AI – Agentic Indian Case Law Intelligence | *React.js, FastAPI, LangGraph, Llama-3, MongoDB, Qdrant, Neo4j*

- Developed an AI system to analyze Indian court case PDFs and extract key issues, verdicts, and citations.
- Built multi-agent workflows using LangGraph and LLMs for document summarization and reasoning.
- Implemented FastAPI backend with Celery and Redis for asynchronous document processing.
- Designed hybrid search using MongoDB, Qdrant, and Neo4j for semantic search and precedent mapping.
- Created React.js dashboard for natural language queries and legal network visualization.

AgriWatch – Smart Crop Monitoring System | *Python, MySQL*

- Developed a web platform for monitoring crop conditions and agricultural insights.
- Designed optimized MySQL schema and built visualization dashboards.
- Implemented alert systems for proactive decision-making.

EDUCATION

Jawaharlal Nehru Technological University Hyderabad (CGPA: 8.78)	Hyderabad
<i>B.Tech in Computer Science Engineering</i>	2023 – Present
SR Prime College	Hanamkonda
<i>Intermediate (MPC)</i>	2021 – 2023

CERTIFICATIONS

Deloitte Data Analytics Job Simulation	Mar 2026
Problem Solving – HackerRank	Jun 2025
Full Stack Workshop (QUEST 2025)	Apr 2025
